## - Learn About Me

I'M AN AMBITIOUS 19 YEAR OLD

Welcome to my Portfolio! I am a Full Stack Web Developer who has attended Lambda School. During my time there, I learned HTML, CSS, Javascript, React.js, Node.js, and Python. Please check out my projects and feel free to contact me! I currently reside in Oahu, Hawaii and relocation is always up for discussion, but if not I would be able to work remotely as well!
